

**SECTION 1** SWOPS wordmark big on screen.

**SECTION 2** You're already paying for a holiday house, dummy. *You just can't use it yet.*

*Let your rent take you places.*

**SECTION 4** SWOPS privately matches renters with renters to swap homes for short breaks. No public listings. No landlords. No agents. Just holidays without paying for accommodation.

Like a dating app, but for a change of scene.

A swop isn't a luxury holiday. It's not something you need to sell a kidney to finance. It's pretty much waking up in Surry Hills instead of Brunswick for a weekend and seeing what happens.

**SECTION 6** Our first swop is Melbourne ↔ Sydney,  
King's Birthday long weekend — June 6–8, 2026.

Register your interest, tell us a bit about you and your place, and sit tight. We'll match you with a fellow renter heading the other way. If you like what you see, jump on a video call, have a chat, check out the space... and swop.
